Archives Committee

JOLIET TOWNSHIP HIGH SCHOOLS

CENTRAL CAMPUS

1990

This is one yearbook of a complete set of Joliet Township High Schools-Central Campus yearbooks presented to the library at the Central Campus by the Archives Committee. These books are out-of-print and should be handled with care. They are not to be circulated, but are to be used as reference books by the students and adults under supervision in the library. The books are for research and to gain knowledge of our school's history.

The first yearbook was published in 1906. In 1907 the yearbook was given the title *JOLLIER* . The next yearbook was in 1910. The foreword says that it is the third yearbook. Each of these had a hard cover.

From 1911 until 1925 the yearbooks had soft covers. Many of the early ones were called *Memory Books* with stories and photos of the senior class. Underclassmen were not pictured. There were photos of the faculty plus photos and stories about school activities.

The 1921 yearbook included the Joliet Junior College for the first time. In 1922 the yearbook was given the name *HI-KOL*, a name which recognized both the high school and the junior college. From 1922 to 1924 the yearbook was called the *Commencement Number*. Beginning in 1925, the yearbook was called the *"J"*. From 1925 to 1931 it appeared with a hard cover. Because it was published in the depth of the Depression, the 1932 yearbook had a paper cover. The first year for a Joliet Junior College yearbook separate from that of the high school was 1933. Both high school and junior college yearbooks had hard covers that year. The high school yearbook has continued as a hard cover book to the present.

It is believed that there were no yearbooks for 1908, 1909, 1914 and 1915. The Archives Committee has no copies for those years. The Archives Committee presents this information for your use to gain knowledge about Joliet Township High School and Joliet Junior College. It is not intended that these copies be circulated. They are for use within the high school library for reference. Pages may be copied on the copy machine available in the library.

Class Song

I.

We've tried to do our duty
By joining thought and deed,
To be a good example
For those who will succeed;
We've aimed at high ambitions
And kept our standard high.
We'll sing to those who did things
And never failed to try.

Chorus:

Then hail the class of '21,
We'll sing a song of cheer
To the best class, to our class,
To the class we hold most dear.
From our school we're parting,
But while we are here,
Let's cheer the class of '21:
Cheer! Cheer! Cheer!

II.

Soon we shall be parted;
Scattered far and near.
Another task we've finished,
But new ones will appear.
We'll always face new conquest
As we have met it here;
And we'll give the best that's in us
And win out there, as here.

Chorus:

Words—Mary Pokorny.
Music—Marguerite Brockman.

Class Prophecy of 1921

By Marie E. O'Neil, Florence D. Rosenberg

THE CLASS PROPHECY OF 1921

Scene: Rosenberg's Studio in Los Angeles.

Time: June 16, 1941.

Characters

Naprapath.....Marie E. O'Neil
Musician.....Florence D. Rosenberg

(Musician playing at the piano as the curtain rises. Door bell rings, she answers. Naprapath enters.)

Musician: Hello, Marie, awfully glad to see you.

Naprapath: I came over this afternoon to show you a new poster of mine. What do you think of it? (Naprapath gives the musician the poster.)

Musician reads:

Dr. Marie E. O'Neil
Naprapath
Office Hours
9-11 A. M. 2-4 P. M.

That is a very good piece of advertising.

(Door bell rings; musician gets the mail.)

Naprapath: What news?

Musician: Barr's Weekly Magazine and a few letters. Would you mind if I looked the letters over?

Naprapath: Not at all, my dear. By the way, I have a letter which might be of interest to you.

Musician: Good! Read it.

Naprapath reads:

345 Fifth Avenue,
New York City, N. Y.
June 13, 1941.

Dear Marie:

Since this is the twentieth anniversary of our commencement week, I could not help writing to tell you about some of our classmates.

At present I am manager of New York's Popular Beauty Parlor. Irma Read is my assistant. We do enjoy being together so much and are just crazy about New York.

I live across the street from Mr. and Mrs. Gordon Kennedy. Of course, you remember Dorothy Sendiford.

Naprapath (aside): I am not surprised at that.

Dorothy Lagger is in New York also. She has fulfilled her ambition to see the pyramids of Egypt. She is gathering material for a new history which she intends to have published next year. Miss Barns is to use this book in her history classes so Dorothy is sure that there will be a few copies, at least, sold.

Hazel Rub is treasurer of the English Parliament. Irma and I saw an item about her in the last issue of "The London Times." Isn't it great to have a friend in such an important position? I feel quite puffed up.

By the way, last week we received a community letter from our former classmates: Mary Cohenour, Luella De Pray, Lucille Gifford, Mary Louise Loskill, Isabelle Paton, Gladys Petrie, Esther Pinneo, Ellen Sandell, Elizabeth Spafford, Elvera Sterner, Helen Vyskocil and Rose Wilson. We had lots of fun reading the letter. These girls are all employed by "The Goodyear Rubber Company" in Akron, Ohio.

I purchased a very good book of poems written by Bernice Schuessler. She has been writing poetry ever since she wrote the Ivy Poem. Better get a copy; it is worth reading.

I have to make an appointment with Dr. Edward Hrivnak at 2 p. m., so good luck to you. Be sure to answer soon.

Your classmate,

Sarah Buckham.

Naprapath: Sarah is a good sport about writing letters. She had such a lot of practice writing notes in high school, that I guess she got the habit.

Musician (reading a letter): Why this is from Vida Zalar and Ethel Floray, who are gymnasium instructors and great athletes in Brussels. They write that Mildred Ahlstrand was one of the players in the famous woman's team which won the championship in baseball in Paris. They also say that they had the opportunity to see several of Ethel Anderson's paintings in the Hall of the Mirrors in Ver-

sailles. And whom did they see but Colonel Eben Grundy! He was on his way to the South Sea Islands, where he is the United States consul.

Naprapath: Well, I am glad that Eben has done so well. Didn't you say that magazine was Barr's Weekly?

Musician: Yes, it is published by the James Barr Publishing Company at 237 East Van Buren street, Chicago. James always did like to talk so it is not surprising that he has taken to the publishing business. (Musician looks over the magazine, Naprapath looks over the musician's shoulder.)

Musician: Why, here is Cornelia Beckwith's photograph. She is the president of the Philadelphia School of Expression and Dramatic Art. Results of her dramatic training in dear old J. T. H. S. Miss Dicky must be very proud of her.

Isn't this a very beautiful cover design? Why, it is signed by Lucille Pepper! Isn't that interesting? She must be making lots of money, for her cover designs are found on all the good magazines.

My dear, listen!!

Save your pennies; Wilson's circus coming! Owner, Donald Wilson, who does his unique and original stunt of tight rope walking. Can't you just see Donald in pink tights and attempting to balance himself with a Japanese umbrella?

I wouldn't miss attending this show for a good deal. Here are some more of our old classmates. Ruth Hurst is the snake charmer and Heber Lauer one of the riders.

If I did ever join a circus I would at least change my name. Wouldn't you? I heard that "Teddy" Flint and Bobby Green were with the show for a while as Mutt and Jeff but finally decided that the life was too slow and started up in the dairy business in Hongkong. I expect that Bob does most of the work.

Why, here is another advertisement. (Reads): Freckles are "as a cloud before the sun", hiding your brightness, your beauty. Why not remove them? Don't delay. Use Steigle's Freckle Cream. Sold at Johnson's Drug Store. That's Edythe.

And look what is here. (Reads): English Silver of the Queen Anne and Georgian Period is now on exhibition, collected by Mr. Marshall Brown of London, England. All pieces are warranted to be at least one hundred years old and are to be sold to the highest bidder. Auctions held Thursday and Friday, June 17th and 18th, beginning at 2 p. m. Catalogs on request.

Brown's Art Galleries,
172 S. Wabash Avenue,
Chicago, Illinois.

Can you beat it? (Reads):

Dr. Muriel Hanson, 423 Yank Building, Seattle, Washington.

And what else?

George Webster's Undertaking Parlors are the best in the city. Reasonable prices. 326 East Carey street, Pittsburgh, Pennsylvania.

Naprapath: So that is what George has turned out to be. I wonder if he has many customers. Too bad he and Muriel aren't in the same town, as Muriel might help him out.

Musician (reads): Revenge!! Society Benefit Play in N. Y. City, Friday, June 17th, 1941. For the benefit of the National Orphans' Home. Patrons and Patronesses: Mr. and Mrs. George Sehring, Mr. and Mrs. Merle Sans and Miss Anna Herndon.

Oh, say! George and Ione were married in Florida just ten years ago today. George is the president of the Standard Pale National Bank of New York City. Don't you remember, Marie, how bashful George was? I suppose that he is over that now.

Just as you might expect; Marion and Merle were married some time ago. Merle is the leader of the Marine Band since Sousa's death. Do you remember how they hung around their lockers and passed notes? The teachers used to have to rout them out between periods.

Anna Herndon is prominent in New York society, but she still keeps her Joliet friends and manages to get back there once a year.

Did you know that some of the 1921 graduates are great politicians?

Naprapath: Yes, I do. Willet Switzer, our U. S. President, has the following men in the cabinet: Secretary of War, Nathan Levin; Secretary of Treasury, Rupert Barnes; Secretary of Navy, Robert Tonge; Secretary of Labor, Frank Bloom; Secretary of Agriculture, John Preller; Secretary of Interior, George Smith; Postmaster General, Randall Plunkett; Secretary of Commerce, Alfred States; and Secretary of State, Dale Jolly. I never realized that the members of our class would become so great. Kenneth Fitch is a

United States senator. Do you suppose that Bob Tonge spends so much time walking in the corridors of the capitol as he did those of the high school?

Let me look over that book or newspaper, will you? (Musician gives her the "Chicago Daily Live Wire" and Naprapath reads.)

Rev. Cecil Smith was heard by the San Francisco Advertising Clubs. Good for Cecil! Although I can't imagine him making enough noise to suit an advertising club.

(Reads) Paris tells U. S. Envoy, Joseph Whitwam, to reject Berlin offer. Goodness! I hope that doesn't mean another war.

What's here? Special.—A Pittsburgh dispatch today told of the bequest of an entire estate to Miss Leone Bryant, who plays the title role in "O'Flanders," at the Belmont Theatre of New York.

Musician: One of the girls sent me a paper the other day with a number of items marked in it. Here it is. (Reads) Frank Joss, for many years chief of the United States Weather Bureau, has been reappointed to the post by President Switzer. Here is another interesting thing: Governor Truman Koerner of Illinois introduced a resolution telling of the deplorable moral conditions that exist in Springfield and asking that Attorney General Plunkett take action in closing up the numerous "blind tigers" operating there.

Here is a picture of Clarence Nussbaum. Same old fellow. (Reads) Clarence Nussbaum, who is now retired, has been relating his experiences in humbugging his audience, the American public. He is the world's master trickster. What's this? The name seems familiar. Harlow Nicholson has been elected as the Justice of Peace of Pensacola, Florida. (Throws paper aside.)

Naprapath: But wait. There is more to tell of our illustrious class. Charlotte Wensel has been lecturing and writing for many years on the social and industrial problems of the day. She always was a sociology "shark".

A headline in the Joliet Herald-News tells that Maurice Levenstam, our Vice-President, revisited the scene of his high school days last week. Leave it to Maurice to get into the limelight one way or another.

Lorraine Edgerly teaches history in dear old J. T. H. S. And there are other familiar faces in the faculty back home. Helen Hiles is an English teacher, Astrid Holmquist teaches economics and civics, and Viola Ibbotson is teaching mathematics.

Musician: Did you hear of that great murder case in New York that baffled all our greatest Sherlocks? Well, our old friend, Anna Johnson, now a famous woman detective, has found the long hunted criminal at last.

Naprapath: Whew! but it's hot! May I have a drink?

Musician: I must have known that some one was coming for I made some lemonade right after lunch. (Gets lemonade and pours out a glass for each.) (They drink.)

Musician: Thinking of our old classmates reminds me that this lemonade is a little class reunion. The lemons were purchased at Harry Witkin's fruit store; the ice came from Laird's Ice Company and the water was bottled at the spring on Raymond Morris' farm. The sugar came from the Ten Eick Delicatessen. I hear that Priscilla is going to sell her store and marry the president of the Will County National Bank back in Joliet. The girls in Joliet will welcome her back.

Naprapath: Oh! Look! what I did. I spilled some of that lemonade on my dress. Do you think it will harm it?

Musician: No, not a bit. Where did you get your dress? It is so pretty.

Naprapath: I bought the material at Lucille Talbot's dry goods store and Marion Barber made it. Marion has just accepted a position as designer for Marshall Field and Company, so this is probably the last dress that I shall be able to afford to have her make.

Musician: What is that large book that you brought with you? (Naprapath picks up memory book.) Oh! It is my memory book which I had when in high school. Come and sit here and we will look it over. (Naprapath turns pages of memory book.) Why, look what is here! A picture of Nat Rowell and Jack Talcott. Nat married Helen McManus and Jack of course married Charlotte Rubens. They are operating the "Bright Lights Cabaret" in New York, so Sarah tells me.

Why, here is an autograph written by Emma Anderson. She is supervisor of the millinery department in the largest store in Scranton, Pennsylvania.

Oh! Say! Look! A big wad of gum which was once chewed by Arthur Fairbairn. He is a great surveyor now and has as his private secretary, Ida Christiansen.

A hair net, once the property of Mary Lucille Golden. She, of course, was married to Joe Duffy, the world's champion tennis player. And I suppose you know that Ailene Pitman is the second in line for inbat.

Hooray! A picture of William McKee when he was slim. That reminds me of something. When I go downtown this evening, I want to buy Willie's "Bringing Up Youngsters". It consists of a funny set of cartoons.

(Door bell rings, messenger boy enters, delivering a telegram to the musician. Musician reads telegram.)

Pensacola, Florida, June 16, 1941.

Miss Florence Rosenberg,

Los Angeles, California.

Florida Musical Association giving a benefit recital Saturday, 19th. Want your assistance. Wire answer.

Robert Lennon,
Business Manager.

It wasn't so bad. I expected it to be something serious. So let's finish looking at the memory book.

Naprapath: A hairpin once owned by Ormelle Olson. What has become of her?

Musician: Ormelle Olson and Mildred Wurtz are opera singers in Naples and that reminds me that Mabel Oram is at the head of the cooking department of the University of Naples. She has as her assistant Ruth Rosell, who has published a few thousand tested recipes.

Naprapath: A snapshot of Vaheh Seron, who was playing basketball with Margaret Bissett and Vernetta Winroth. I hear that Vaheh is a horse doctor on some western ranch. Vernetta and Margaret are nurses in Azoth Hospital in New Orleans. (Reads a poem.)

AN ACCIDENT

A banana peel,
A flash of hose,
A little squeal,
And down she goes.

It is written by Harold Wild. I know John Welch helped him write it. These two have organized a bachelors' club in Santa Fe, New Mexico.

An invitation!! Why, the writing seems familiar. Oh, yes! I know. Mary Margaret Stoops wrote it. She's on a missionary trip in China and is going to sail for Australia some time before September.

Where did I get this piece of ribbon? Let me think. R. L.—R. L.—R. L.—Oh, I know! Rachael Learnard. That's right. Today is her seventh wedding anniversary.

I hope that William Thomas makes her a good husband. He ought to be able to supply all the worldly goods she needs, for he is Judge of the Supreme Court. (Boy brings in some hand bills.)

Musician: There is always some interruption here. What good are these old hand bills? (Musician throws them on the floor. The naprapath notices something on them, so she picks them up and reads aloud.)

FURNITURE PRICES CUT IN HALF

Grasp this great opportunity to furnish your home for half the regular cost. Come quick!

The Hanson-Lauer Furnishing Co.,
San Francisco, California.

I see our old friends, Nels Theodore Hanson and Edwin Lauer, believe in advertising. Why here is another familiar name. (Reads.)

The Most Thoughtful Gift of All Is the
Glen Potter Electric Cleaner.
It Cleans by Air Alone.
Reasonable Prices.

Potter Electric Supply Co.,
Sacramento, California.

Food for Glen! He knows how to make use of the elements!

(Messenger boy enters with a special delivery. Musician says, after reading it):

More work for me. James Burke wants me to engage apartments for Harold Holmstrom, Walter Campbell and himself. They are opening a gent's furnishing store on Appleton avenue. I'll do my best for them, but apartments are scarce.

Naprapath: I wonder if we can find anything more here. (Picks up memory book and turns pages, musician looks over her shoulder.)

Naprapath: What's this? A piece of soap which Paul Schauer made in Mr. Crum's chemistry class. I suppose you have heard about his laundry soap. It seems strange that he should have followed up that business of soap making. Hope he doesn't indulge in soft soap.

And here is a silk handkerchief which was once owned by Francis Adler.

Musician: What ever became of him?

Naprapath: He and William Bossingham are importers and packers of Nature's Cocoanut.

An outline of a speech which Alison Gibson gave in public speaking class. You know, she is a sister at the St. Joseph Academy of Rome.

(Musician coughs.)

Naprapath: I have noticed that you have symptoms of a cough. Why have coughs?

Musician: Why? Are you trying to get a job curing me by naprapathy?

Naprapath: No, but Margaret Murdie has some cough drops on the market that are warranted to cure any throat affections known. They are fine and Margaret admits it.

Musician: I'll have to get some tomorrow at Johnson's drug store.

(Noise outside.)

Naprapath: What's that noise? I suppose it is Florence Moir doing some rifle shooting out there. She is instructor of California's Prominent Rifle Corps. Bernice Cartwright is her assistant.

Musician: Oh, I forgot to show you something! Hand me that book which is lying on the table. Will you?

(Naprapath gives the musician the book.)

Musician: The name of this book is "Things From Everywhere", written by Ida Berro. I shall read a few things which might be of interest to you.

Musician (reads): Gwendolyn Farrell is prominent in the world's fashion center as a designer of women's apparel. What do you know about that?

Genevieve Dailey is widely known for her novel handiwork and basketry.

Of all things! Mr. Charles Hill, who has traveled widely in the interest of drama, has recently begun a series of articles on the Modern Italian Drama.

Eugene Lipow is one of the greatest cinema celebrities, despite the fact that he has never been starred, which proves you can't keep a good man down. He is now playing the role of youth in "Never Again".

Colonel Theron Locke is commanding the Confederate garrison in Boonsboro. He never did get out of uniform, did he?

It has been truly said that a woman's crowning glory is her hair, whether it is black or golden; it sits in high estate upon her brow and has the power to make or mar her beauty, says Jeanne Roberts, a hair dresser. The rest of the book contains jokes and poems.

Naprapath: Surely our class has aspired to great fame. I want a copy of these papers to send away.

Musician: Take this one. I have marked the items in which our classmates are mentioned.

Naprapath: Oh, thanks very much. See my new Adams-Alexander fountain pen? Evelyn Adams and Marguerite Alexander are responsible. They have their offices on Broadway in New York. Vivian Francis gave me this pen. She is librarian for the National Library of Washington, D. C.

Musician: We have some business men in our class, too. The Percy Burns Cigarette Company in Winston, North Carolina, has recently acquired great fame through its Cleopatra cigarettes.

Did you see the new Cardwell lamps?

Naprapath: No, but I have heard a lot about them.

Musician: The Roy Cardwell Company, which is in Meridian, Connecticut, has a very good assortment of hand-painted lamps.

Naprapath: Here is a copy of "Grant's Everybody's Magazine". (Gives it to musician.)

Musician: Why, here is an announcement. (Reads.) The Gift Shop of Fifth avenue, owned by Harold Carey, will be at 32nd street for but a short time. On July 1st it will blossom out in its new building on Fifth avenue.

More fame for our old class, and now let me see. A picture, how pretty! Look what it says beneath the picture. (Reads.) The bow and arrow, symbol of love, must be handled in a certain way if results are to be obtained. Robert Harris, an archer, was merely showing Frances Beattie, a western bronco-rider. (Turns pages.)

Oriental rugs on sale. Cervensel Hanson, dealer. Office on Hanson boulevard, Birmingham, Alabama.

Another advertisement. (Reads.) The makers of the world famous "Ideal Boilers" and "American Radiators" are Robert Higgins and Leslie Heintz.

A very good picture of John Testin. And, jumping at that. (Reads.) The top place

in the running high jump at the fiftieth Olympiad was won for the United States by John Testin of the New York Athletic Club.

A remarkable new serial by Gladys Mitchell will begin in next week's "Grant's Everybody's".

Naprapath: Why, I never realized that one small class would do so much. Truly our high school ambitions have been more than fulfilled.

(Messenger boy brings in letter containing a program.) Musician reads:

Mary Pokorny, a great violinist, accompanied by Willette Fitzgerald, is giving a recital in Helena, Montana, on June 28, 1941, in Pokorny's Conservatory on Wilson avenue.

Naprapath: Are there any other classmates that you know anything about?

Musician: Wait, let me think. Olive Kohlhagen is an international correspondent for the Chicago Daily Citizen, the world's greatest newspaper, and Bernice Shepley, and Raymond Shroba publish it.

Naprapath: What became of Howard Johnson?

Musician: Why the Rev. Howard Johnson, Dean of St. Paul's Cathedral since 1931, has made a remarkable prediction of England's downfall as a great power. That's what it said in the paper. What do you know about that?

Naprapath: Marguerite Brockman and Myrtle Johnson teach the right way to do marcel waving. They have classes every day in their apartments on Washington street in Chicago.

Musician: Yes, and Gertrude Brunskol is a lovelorn writer for "Evelyn Johnson's Photoplay Magazine". Did you ever hear anything about Ruth Crane?

Naprapath: Ruth Crane? Oh, yes, I had a clipping about her. (Naprapath looks for it and reads.) Ruth Crane, who has attained success in the role of the vagabond in "The Tavern" at the Chaos Grand Opera House, telegraphed her resignation to Miss Edna Benson, producer of the play. Ruth will go to Europe and take vocal lessons. Listen, such a noise. (Naprapath looks out of the door. Musician does likewise.)

Naprapath: It is someone's aeroplane, and I bet it is Air Mail Pilot Hietschold. She has held a lot of speed records. Once she made the 747 miles from Chicago to New York in four hours.

Musician (still looking): Who are those girls playing golf?

Naprapath: They are Grace Cherry and Mable Berg playing in a four-ball golf match at Gladys Batson's Opera House Club. Their opponents are Helen Cutchin and Loretta Corp.

(Aviator brings in airplane paper.)

Musician (reads): Gladys Austin is assistant instructor in physiology at Harvard College. Mary Santoski is chief food inspector of the domestic science department of the same college. The president of the Welfare Problems in the college is Martha Williamson. Her assistant is Daisy Young. Mildred Stephens and Irene Wheaton are deans of the women in the college.

Naprapath: Did you read about Vera Thompson and Helen Tilsey having been appointed as delegates to the National Political Convention of November, to be held in Washington, D. C.?

Musician: No, I did not.

(Telephone bell rings, Naprapath answers.) Yes, this is Marie speaking. . . (Pause) . . . So, this is Fred Clare? No wonder I couldn't get the name at first. . . . What? . . . Yes, I'm listening. . . . Yes, I am a doctor. . . I will drive over right away and see what I can do for your partner's wife.

(Naprapath hangs up receiver, turns to musician.) You know Fred Clare and Robert Eyman are attorneys; their offices are in the Monlieus building. Robert's wife is sick, and Fred, having heard that I was a Naprapath, called for my assistance. I must hurry for I want to get through in time to keep my appointment with Ruth Sage, who has a manicuring parlor on Exchange avenue.

Musician. Do hurry or you will be late, but we are both the better for this return to those old carefree J. T. H. S. days.

1920 FOOTBALL REVIEW

SEHRING, Captain

With the opening of school Coach Holderby issued a call for football candidates and a fair number responded. Several of last year's veterans were back, which promised a successful football year, and perhaps a pennant or two.

After weeks of hard work, the heavies were scheduled to meet Blue Island, and the lights to meet Proviso. On Saturday the lightweights met Proviso and "brought home the bacon" to the tune of 13-0. Blue Island failed to appear and the game was forfeited to Joliet. As Arnold Kiser said, "Up to that time we hadn't lost a game."

With such a rosy future before us, our hopes were shattered on the rocks of rules. The Illinois High School Association made new rules, and as a result, two days before the Rockford game, thirteen of our best men were declared ineligible. Seven of these were regulars. Thus "Rap" Holderby had to put in seven untried players against the strong Rockford crew. To put through a win was a job that any coach would think twice over. And we went to Rockford. We did the best we could and they were good games (for Rockford). The scores were:

Rockford	100	Joliet	0
Rockford Lights	51	Joliet Lights	0

This put quite a damper on our enthusiasm and work was started in earnest. The next week Streator and Plainfield visited us. Streator with a wonderfully well balanced team romped home with a 42-0 score; Plainfield had to work some to win. They defeated our lights 14-0.

A conference game with West Aurora followed. Joliet showed what stuff it was made of and our lights won 20-0. The heavies showed themselves as REAL fighters, but lost in a heart-breaking game, 12-0.

LIESS, Captain-elect

The following week Freeport invaded Joliet. We had a hard game ahead, and every man worked with an enthusiasm that was not dampened by bad weather. On the day of the game three men were declared ineligible and Coach Holderby had to send in new men. As a result the lights lost 34-0. The heavyweights on the other hand held Freeport to a 0-0 score. "T" Flint and "Fats" Sehring starred for Joliet.

LENNON

The next two games were with East Aurora and Elgin. In the former game the lights won 6-0 and the heavies lost, 26-0. In the Elgin game the lights showed up the Elgin lads by beating them 13-6. Burns', "Ty" Bateman's, Simond's, and Block's playing were the features of the game.

Waukegan came to Joliet and their lights went back home with the small end of a 6-0 score. Our heavyweights lost their battle in a slow game 28-0.

The last conference game was with DeKalb. Our lights showed a world of speed by beating the visitors 22-0. Talcott and Lipow at tackles, Anderson at end, Dwyer and Ashley in the backfield, all played a consistent game. Willie Block

was the individual star, making a touchdown and booting a field goal from the 42-yard line. The heavies, although they played exceptionally well, lost by one lone touchdown.

On Thanksgiving day, the heavies played Morris. In direct contradiction of their former form, they came back with a punch and trimmed Morris 34-6. Leiss, Kiser, Tonge, all of them showed themselves to be real "footballers" that day.

This game marked the end of the football season. The lightweights, captained by William Block, placed second in the conference, and the heavies captained by George Sehring, although defeated a few times, were never beaten. Some played their last game for Joliet. They are: "Fats" Sehring, "T" Flint, "Art" Fairbairn, "Chuck" Hill, "Bob" Tonge, "Chuck" Lewis, "Bill" Grant, "Perc" Burns, "Plunk" Plunkett, Jack Talcott, "Ed" Hrivnak, and "Gene" Lipow.

Basketball

At the close of the football season, the call came for basketball men and after several weeks of practice, we played our first conference game. January 7, we journeyed to DeKalb, where we defeated the Orange and Black, while our lights lost in an overtime battle. Both battles were interesting affairs. West Aurora being next, we traveled there and defeated both their heavies and their lights.

Rockford came to Joliet for our third game. The heavyweight battle was not decided until the last five minutes of play, when they made two free throws and a basket, beating us 28 to 24. This game was lost on free throws. We led in aggressiveness throughout the game. Our lights won their game by a comfortable margin. Charles Bateman and John Bateman were the stellar performers in the curtain raiser.

While we were trimming Lakeview High, a classy team from Chicago, our lights were losing to the Morris heavies on Morris' floor. East Aurora was next in line and we won from them after a hard fight with a score of 23 to 17. Our lights dropped their game with a score of 23 to 13. Both games furnished many thrills for the spectators.

On February 11, the Blue and Gold went to Freeport to play the Pretzel City crew. After the hardest fought battle on their floor, we dropped the game, 26 to 23. The game was not decided until the last three minutes of play. This was the last game that we lost during the conference season. The waxed floor and the football tactics used by Freeport were enough to defeat the championship aspirations held by Captain Flint's men. The Freeport lights had an easy time with their game. They were never in danger, although our lights showed a world of speed. We came home Saturday morning and played the Coal City five at night. After five minutes of play, the heavies were taken out and the lights were put in. They came out with the long end of the score.

The next week witnessed the last of our Big Seven games. Elgin invaded Joliet with every expectation of defeating the Blue and Gold in retaliation for last year's defeat, but what a surprise they received. We did the unexpected. After the hardest fight ever played on our floor, we downed them to the tune of 34 to 23. John Bateman was the star of the evening, putting in eight baskets. Sehring played his usual stellar game. Seron and Lennon as guards played a wonderful defensive game, breaking up play after play started by the Elgin five. The lightweight game was a fight from start to finish. The game ended with Elgin leading 11-10. A foul called on Joliet in the last ten seconds of play was responsible for the defeat. "Ti" Bateman showed the best form in this battle, making six of the ten points. They went home a saddened but very enlightened team.

The next night we went to Chicago Heights and tackled Bloom High. We returned victors. Sehring's spectacular basket shooting was the feature of the evening. Our next game was with Streator, a fast down-state

team. They were our hardest opponents with the exception of the Elgin crew. With two minutes to play the score stood 30-30. Sehring dropped in a beautiful long shot from the middle of the floor, and then in the next play he followed up with a short shot. Daugherty of Streator dropped in a long one and the pistol went off. Joliet had won 34 to 32. The lights played De LaSalle of this city and in an interesting battle we copped, 13 to 8.

DISTRICT TOURNAMENT

There were eighteen teams entered in the district tournament this year. They were: Blue Island, Bradley, Bloom, Coal City, Chebanse, Dwight, Gilman, Harvey, Deerfield, Joliet, Kankakee, New Trier, Lockport, Mazon, Morris, Onarga, Plainfield, Watseka.

On Thursday afternoon, March 10, the district tournament opened with New Trier eliminating Lockport, 48 to 12, in a one-sided battle. The other games Thursday afternoon and evening were:

Harvey	30	Mazon	16
Plainfield	45	Chebanse	32
Deerfield	45	Onarga	15
Watseka	35	Morris	32

Joliet's opening game was the last game Friday morning. The results of the first two games were:

New Trier	32	Coal City	24
Harvey	40	Gilman	29

Joliet played Bradley. The Blue and Gold were never in danger except in the second half, when Bradley rallied and came dangerously close, but Joliet stopped them and won, 45 to 21.

Saturday morning New Trier qualified for the finals by eliminating Deerfield, 30 to 15. Joliet earned the right to play New Trier in the finals by overwhelming Chicago Heights 54 to 17. Joliet led all the time. Sehring and J. Bateman were the bright lights in this game, Sehring making twelve baskets, while Bateman made eight.

The final game was played at 8:00 P. M. Saturday. New Trier started fast and piled up a lead of nine points before Joliet woke up. The score then went up, first one team scoring a basket, then another. At half-time New Trier led, 15 to 8. The second half was a repetition of the first. The game ended with New Trier leading 37 to 25. The passing of Rand and Lusted was superb. This is the second time New Trier has copped the district tournament and also the second team to repeat, Joliet being the first, having won in 1916 and 1920. Joliet has been in the finals in 1916, 1917, 1918, 1920, 1921.

JOHN: He showed such good form that he was taken from the lightweights early in the season to play heavyweights. His basket shooting and fine team work made him indispensable. "John" will be back next season.

SERON: One of the season's developments. His team work and fighting characteristics made him indispensable to the team. Played consistent basket-ball throughout the season. He made guard on the all-tournament team. He will be missed next season, as he graduates.

TED: As usual, his length made him the favorite for the pivot position. He again claimed the distinction of being the tallest man in the conference. Performed consistently all season. Made center on the second all-tournament team. "Ted" will be missing next season.

LEISS: It took just one game to show that Frank was capable of holding his own. Was a hard fighter, and did credit to himself and the team. Frank will be back next season.

BARR: Another of the season's developments. Was a hard worker and full of fight, always ready to do his part; was fast, and good on team work. "J" will be missed next season.

PLUNKETT: Randall was a consistent player. Naturally a guard, he filled in at center occasionally. A hard fighter and always ready to do his part whenever he was needed. He graduates this year.

TY: You can't keep a good man down. "Ty," after his wonderful performance on the lightweights, was picked to work in the tournament. Was especially good on team work. His specialty was long shot. "Ty" will be back next season.

DE JARALD: Whenever La Verne went in, he showed he had the stuff in him. Always put up a hard fight and was on the go from start to finish. He will be back next season.

TONGE: Bob played an excellent game at forward, but was elimiuated in February under new eligibility rules. We all miss Bob. He graduates in June

Girls' Athletics

The girls of J. T. H. S. are coming more and more to the front in athletics. Not only are they most ardent supporters of all the athletic activities of the boys, but they are also making a fine showing in their own right.

In November, 1919, a Girls' Athletic Association was organized for the purpose of furthering the interests of J. T. H. S. girls in athletics. This September the G. A. A. again took up its work with new fervor. The middle of October the association gave a party in the girls' gymnasium to welcome the Freshmen into the organization. On January 27, the association again took possession of the social calendar by entertaining about two hundred couples at a masquerade party at the Central Gym.

The first big event on the girls' athletic calendar was the baseball tournament held November eighth to fifteenth. In the opening game the Freshman team A won from the Freshman team B, 35-6. The Freshmen then swamped the Sophomores in a 38-16 game. In the third game of the series the Seniors eliminated the Juniors, 39-29. In the final clash the Freshmen covered themselves with glory by defeating the Seniors 37-23.

A number of the girls of J. T. H. S. are interested in the work of the Winchester Junior Rifle Corps. At present there are three girls' units. Unit 601, the newest of these, is the Senior Girls' Unit of last year reorganized. This unit is unique in that most of its range work is done outdoors; it is also the only unit to adopt a special uniform. The largest of the units, Unit 667, composed mostly of Juniors, is ranking well in the National Match Series; all of its members are qualified thru the Sharp Shooter's grade. Unit 765, the recognized leader of the girls' units in range work, has won all but two matches in the National Series. This unit has a team average of about 495 ex 500.

March fifteenth and sixteenth were heavily marked on the girls' calendar, for it was then that the inter-class basket-ball tournament was held. The afternoon of the fifteenth found a crowd of enthusiastic rooters in Central Gym. There was much rivalry between yell leaders as well as between teams. In the opening game the Seniors won from the Freshmen 14-8. The basket shooting of Zalar and Beattie was the feature of the game. Barr starred for the Freshmen.

The real feature of the whole tournament was the game between the Sophomores and Freshmen. The teams were evenly matched and it was only after two extra five-minute sessions, and a bit of luck (probably due to their adorable mascot) that the Sophomores registered a one-basket victory.

JUNIOR COLLEGE PLAY CAST—"THE MAN ON THE BOX"

Junior College Notes

The task that we must now perform,
  Can scarce be done all right,
For we're but echoes of the past
  So must we not seem trite?

You've read about this college year
  In former "J" edition,
And though it may sound dull, we're sure
  It's worth a repetition.

Our Christmas dance was surely great,
  The tree was heavy laden;
And Hilding kindly passed the gifts
  To teacher, lad, and maiden.

The College play next helped to boost
  Our growing reputation.
We gave the actors, one and all,
  Our heart-felt commendation.

On April twenty-third we met
  In frolic, song, and dance.
"Prince Charming" chose his "Cinderella."
  The kiddie cars afforded chance.

Our play and parties we'll agree
  Have been successes, fine,
But to the officers we owe,
  Before we close, a line.

To Fraser as our president,
  A world of credit's due;
With Patterson and Miller,
  And Bush to help him through.

Junior College Athletics

This year the Junior College enjoyed its most successful season in its short but impressive career in Athletics and now ranks among the most feared schools of Northern Illinois. It has always been noted for its hard playing and clean sportsmanship.

In basketball, the Junior College lost only three out of thirteen hard games that it played and two of these were on foreign floors and in freak gyms. The other one was at home with Northwestern College of Naperville, the first game of the season. Joliet beat such games as Dekalb, Lewis, Crane, Aurora and Elgin—all by big scores. And as Dekalb later won the Minor College Championship of Illinois, Joliet is on a par with any of the small colleges of Illinois.

The team was composed of hard workers and good basket shooters ably coached by C. J. Wagner who, by the way, is devoting all his time to Junior College Athletics.

John Douglas, Captain, has no equal in this part of the state and bids fair to become a college star, when he wends his way to Michigan. "Ackie" Flint made an excellent running mate for "Dougie." Rogers was going great when he was taken ill and put out for the season. Eyman made things hum when he got in the game, which was quite often. "Chink" Lewis was by far the best floorman Joliet ever saw and with a year or so more at the game will make good as All-Conference material. Griffin was one of our dependable forwards and piled up a good many baskets during the season. Grady played the other forward and piled up the majority of the points scored this season. Morris came to us from the high school in the second semester and made Griffin and Grady speed up to hold their places. Morris is the "long shot" expert of the team.

Coach C. J. Wagner justly deserves a lot of credit for all he has done to make the Junior College team the most feared team in Northern Illinois.

E. C. Douglas and Chalmers Miller were faculty manager and student manager respectively and were in no small way responsible for the showing of our basketball warriors. They provided our team with every comfort and are to be commended on the spirit they aroused for our team.

In baseball we again have our basketball team on the field. Lewis is our third baseman and captain. "Chink" is one of the most popular fellows in school and will make a good leader on the ball field. Witwer and Morris are our pitchers and they are showing up in fine form, each having won a game. Witwer won against Aurora and Morris against Northwestern. Both games were well played and the pitching went a long way to decide each game. Fraser is making George Sisler sit up nights trying to figure out how he can keep Fraser away from first base. Eyman on second and Griffin on short are cutting off hits and stopping base stealers. The fields are taken care of by Ganson, Keeler, Sanders and McDonald, who are fielding and hitting as big leaguers, especially McDonald. This combination ought to win a lot of games as they know the game and sure can hit. They have started out well, winning the first two games. Others have been scheduled with Crane, Lewis and St. Viators.

The Junior College has pushed itself into first place among the small colleges of this section and will give any small college a good run in any sport. Next year football is to be introduced and Joliet is going to see some real college football.

Few colleges in such a short space of time can show such a record as has the Joliet Junior College.

Leland Fredricks and Ray Kennedy.

Side Talks With Girls

(In this column I will gladly answer any questions sent me by my girl readers.—Louise la Jollier.)

H. McManus: Although you have reached the dignified age of seventeen, I would not advise you to correspond so much with young men, especially with China-men.

Ione Steigle: I do not publish beauty lotions in these columns, but if you will send me a stamped envelope, I will gladly send you my recipes by return mail.

Leone Bryant: The quickest and most effective way to reduce is to try the rolling process. Be sure to devote at least two hours a day to this if you expect immediate results.

Marion Barber: Yes, polish your nails and take care of them, for, since you say your hands are quite pretty, it will make them even more attractive.

Gwen Farrell: If the young man is in a university near by, I do not think it is necessary to write *every* day.

Willette Fitzgerald: Have your summer ginghams trimmed in organdie. Yes, Polo coats are very much the thing. From your description I should judge jade green would suit your style of beauty.

Muriel Hanson: How to be "dead swell" as you call it, is answered in the column above. (W. F.) That was not the best English you could have used. You write well, however.

Rachel Learnard: I should judge that "Dupee" is a French name and it sounds very aristocratic. Yes, pennyroyal is good for mosquito bites.

Cornelia Beckwith: No, I would not "bob" my hair. Only "Juniors" do such childish tricks.

Genevieve Dailey: I think that if the young man in question does not wish to correspond with you, I should not send him a message in order to compel him to write me a letter. My dear girl, do not let trifles worry you.

Charlotte Wensel: I am wondering from what you have told me if you are not inclined to be fickle. Tangerine is one of the new colors.

Ione Leach: You are rather young to be receiving the undivided attentions of one young man. From your description I should judge you are very good looking and that blue would be becoming.

LIGHT OCCUPATIONS

Sergeant Daugherty was instructing a class in first aid and asked: What would a person do in case of a bad wound?

Eugene Lipow—Wash it out with water.

Sgt. D.—How would you know whether the water was clean or not?

E. L.—I'd boil it.

Sgt.—A fine thing to do. Remember, you are on the field with no equipment. How would you boil it?

E. L.—Why, boil it with a match.

* * *

Gertrude Ward—Football is such an awfully rough game. Do the players get killed often?

Bob Tongue—Oh, no, Gert, just once.

* * *

Bill Switzer (bashfully)—Would you like to go to the band concert?

Dorothy Lagger—Why, I'd just love to.

Bill Switzer—Then buy your ticket from me.

* * *

Eugene Lipow—My brother is exactly the opposite of me. I don't suppose that you have met him, have you?

Ed. Hrivnak—No, but I'd like to.

* * *

Art Libermann—I know Gene Lipow isn't two-faced.

Anna Herndon—Why is that?

A. L.—Because if he was, he'd wear the other one.

* * *

Mr. Spicer—Why, you are so lazy that very few girls would marry you.

J. Talcott—That's all right. Very few would be enough.

* * *

Jim Barr—Why, I know all the telephone numbers in town.

Leone Bryant—How extraordinary.

J. B.—Yes, only I don't know whom they belong to.

* * *

H. Lauer—The radius equals the area squared times the cube root of the diameter plus ten.

Mr. Robinson—Is it?

H. L.—Isn't it?

Mr. R.—It isn't.

* * *

Father—I thought I heard that fellow kissing you last night. I hope you didn't encourage him.

Gwen Farrell—No, father, I didn't need to.

Miss Ryan—What are you in school for?

Ed. Hrivnak—Gee, you too? That's what dad is always asking.

* * *

Margaret Murdie—Harry told me a story last night.

Friend—Can he tell a good story?

M. M.—Yes, he holds his audience from start to finish.

RHYMES

A freshman slipped on a bit of ice
And descended violently;
I may look green to all the school,
But I'm black and blue, said he.

* * *

A fool there was and he loved his brew,
Even as you and I;
So he took some hops and some other crops
And put them on to stew.
But the stuff got thick and it had no kick,
So he used it for shampoo.

HOUSEHOLD HINTS

A handful of tacks wrapped in cheese cloth and rubbed vigorously over polished furniture will remove all old scratches.

Sour cream served to boarders will enliven an otherwise dull meal.

To avoid any unnecessary fires, it is advisable to immerse the reserve supply of matches in a Mason jar of water and bury it in the back yard.

To avoid unsightly blots on your writing paper, use a lead pencil.

To prevent hair in the ice, shave the ice.

To prevent cake from growing stale, eat it.

All spots may be removed from clothing by a diligent use of a pair of scissors.
